Profile

I **lived in Germany** for two years, speak German, and I am a JavaScript developer with **over two years of experience** building scalable, high-performance fullstack web applications.

Skills

Frontend
CSS Libraries, TypeScript, ReactJS, NextJS, Redux, Tanstack Query, Zustand, Web Components, Design System, DOM, SSR, StencilJS

DevOps
Docker, Kubernetes, Containerization, CI/CD, Nginx, Linux, AWS (EC2)

Soft Skills
Problem solving, sense of responsibility, communication, strong work ethic

Backend
NodeJS, ExpressJS, NestJS, MongoDB, SQL, PostgreSQL, Restful API, Supabase

Others
Git, Socket, Accessibility, Storybook, Unit Testing

Professional Experience

Schneider Electric, *Frontend Developer* 01/2024 – Present
A world-leading industrial and technology company with expertise in electrification, automation and digitalization for smart industries.

- **Set Up a Monorepo for a Design System:** Established a scalable monorepo with Yarn and Turborepo, integrating a components library, Storybook, and both SvelteKit and Next.js applications.
- **Built Scalable Web Components with StencilJS:** Developed complex, reusable web components with StencilJS, ensuring UI consistency, accessibility (WCAG compliance), and server-side rendering (SSR).
- **Optimized Component Performance:** Enhanced SSR hydration, reduced bundle sizes, and optimized performance by integrating lazy loading techniques.
- **Developed a Themeable Design System:** Engineered theming using CSS variables, design tokens, and component theming across multiple projects.
- **Implemented Robust Testing Strategies:** Executed a robust testing strategy including unit tests, snapshots end-to-end testing, and visual regression testing with Playwright, chromatic and storybook.
- **Created Developer Documentation:** Maintained documentation with Docusaurus and Storybook, improving developer onboarding and adoption of the design system.
- **Collaborated in Agile Teams:** Collaborated with project managers, developers, designers, and testers using Agile (SCRUM), Jira, and Figma to align goals and requirements.

Pixelium, *Fullstack JavaScript Developer* 06/2023 – 01/2024
Tunisian start-up for the development of innovative service technologies and IT solutions.

- **Took full project ownership:** Led end-to-end development, including business decision-making, project planning, client meetings, and final delivery.
- **Crafting Engaging Frontends:** Designed dynamic, responsive user interfaces using React, Bootstrap 5, and Tabler, integrating UI designs from Figma prototypes.

- **Engineering Robust Backends:** Built and optimized server-side logic with Node.js, ensuring efficient data handling and seamless API integration with Mongoose and Fastify.
- **Handling Complex Data Operations:** Developed advanced CRUD functionalities and complex forms, including image uploads.
- **Automating Tasks & Notifications:** Leveraged Cronicle for multi-server task execution and automated user alerts, ensuring timely updates and seamless operations.

Proxym-IT, *Web Developer Intern* 02/2023 – 06/2023

One of the leading FinTech companies in Tunisia, specializing in innovative financial technologies.

- Developed and Integrated Scalable APIs
- Secured Authentication with JWT
- Developed responsive Uls with React

Projects

Scan2Win , *Freelance Project* 2025

- **Developed and deployed** a responsive reward system website for businesses to enhance customer retention.
- **Integrated Google API's** to enhance user experience.
- Created **custom interactive games** to boost client engagement and user interaction.
- Implemented **secure authentication**, intuitive admin **dashboards** and statistics.

Goldilox, *Freelance Project* 2025

- **Full-stack web application developed for a hair salon:** with back office for product and order management.
- **Product overview, shopping cart, and checkout implemented:** for a seamless shopping experience.
- **Focus on high-performance UI:** stable state management.

Education

Computer Science Engineer's degree, *Sousse Polytechnic School* 09/2023 – 06/2026
Sousse, Tunisia

Computer Science Bachelor's degree, 09/2020 – 06/2023
Higher School of Science and Technology of Hammam Sousse Sousse, Tunisia

German TestDaF 3 - C1 Certificate, 01/2018 – 01/2020
Bildungsverein Soziales Lernen und Kommunikation e.V. Hannover Hannover, Germany
Stay in Germany to further improve German language skills.

Baccalaureate in Technical Sciences, *Hammem Sousse High School* 09/2013 – 06/2017
Sousse, Tunisia

Certifications

German Certification C1 — TestDaF 3 - Bildungsverein Soziales Lernen und Kommunikation e.V. Hannover

Languages

English - C2 — Fluent

German - C1 — Proficient

French - C1 — Fluent

Arabic — Native/Bilingual
